## Weekly Calendar

**MONDAY:**  
Hawaiian—Stated.

**TUESDAY:**  
Hawaiian—Stated.

**WEDNESDAY:**  
Hawaiian—Stated.

**THURSDAY:**  
Honolulu Commandery—  
Red Cross.

**FRIDAY:**  
Honolulu—Second Degree.

**SATURDAY:**  
Lel Aloha Chapter No. 2—  
Regular.

All visiting members of the  
Order are cordially invited to  
attend meetings of local lodges.

**MARINE ENGINEERS' BENEFICIAL ASSOCIATION.**  
Members of other Associations cordially invited.

**HARMONY LODGE, No. 3, I. O. O. F.**

Meets every Monday evening at 7:30 in I. O. O. F. Hall, Fort Street.  
E. R. HENDRY, Secretary.  
H. E. McCoy, Noble Grand.  
All visiting brothers very cordially invited.

**DAHU LODGE, No. 1, K. of P.**

Meets every first and third Friday evening at 7:30 in K. of P. Hall, corner Fort and Beretania. Visiting brothers cordially invited to attend.  
W. M. JONES, C. C.  
O. F. HEINE, K. R. S.

**HAWAIIAN TRIBE, No. 1, I. O. R. M.**

Meets every first and third Thursday of each month at Knights of Pythias Hall. Visiting brothers cordially invited to attend.  
A. L. EAKIN, Sachem.  
E. A. TODD, C. of R.

**HONOLULU AERIE, 140, F. O. E.**

Meets on the 2nd and 4th Wednesday evenings of each month at 7:30 o'clock in K. of P. Hall, corner Beretania and Fort streets. Visiting Eagles are invited to attend.

W. R. RILEY, W. P.  
W. M. C. McCoy, Sec.

**HONOLULU LODGE, 616, B. P. O. E.**

Honolulu Lodge No. 616, B. P. O. E. meets in their hall, on King Street, near Fort, every Friday evening. Visiting Brothers are cordially invited to attend.  
JAS. D. DOUGHERTY, E. R.  
GEO. T. KLUGGEL, Sec.

**W. M. McKINLEY LODGE, NO. 8, K. of P.**

Meets every 2nd and 4th Saturday evening at 7:30 o'clock in K. of P. Hall, cor. Fort and Beretania. Visiting brothers cordially invited to attend.  
H. A. TAYLOR, C. C.  
E. A. JACOBSON, K. R. S.

## NEWS NOTES FROM KAMEHAMEHA SCHOOLS

The last game of soccer in the color series will be played on the school grounds tomorrow afternoon at 4:15. The White and Red first teams will be the ones to end the series. The Reds have already won the series by winning six straight games out of ten. The Whites are determined to win tomorrow's game for the reason that they have saved all their best players to compete on this team.

On the other hand, the Reds have a strong team which will be ready to hand a package of whitewash to their opponents after the game. Some of the members of the Whites claim that they are keeping all their good players in store for this game, but the Reds will surprise them.

Captain Kahn will be in the game, with Oguni, Apau, Spencer and a few other good players on the line. The Reds will have Hewitt, Bush and E. Akiona in their lineup. The students are looking forth to a good and exciting game.

The lineups:

Reds—Ben Hussey (captain), H. Godfrey, W. Waleale, W. Kamahilli, S. Bush, G. Hewitt, Ah Leong, E. Akiona, D. Hips, J. Milikan, A. Napoleon.

Whites—D. Kalai (captain), J. Kanihana, W. Oguni, W. Apau, A. Spener, J. Lujan, C. Hosen, R. Kilonau, J. Hobbs, K. Chung.

There were two interclass soccer games played on the school grounds yesterday afternoon. The first game started at 3:20, between the eighth and sixth grades, the former winning after a hard game by the close score of 1 to 0. The goal was made in the first half by Godfrey from the left wing.

Both teams played a steady game. There were no star players in this game. The eighth grade has won five straight games, while the seventh grade, known as the "hustlers," has won four and lost one.

The second game started at 4:15 and was between the fifth and seventh grades, the latter winning after outplaying the younger team in the second half. The score was 3 to 1. W. Kalua refereed the first contest and S. Hussey the second.

There is very little hope of the school entering the big league now. A new step has been taken by the athletic committee to form an inter-school league. St. Louis has a pretty good junior team and will be asked to join.

The Tri-Weekly Handicraft, published by the Press Club, has been enlarged this week, which is a big step taken by the members of the club to improve their paper. This paper is circulated among 334 students.

There will be a dress parade on the school grounds Sunday afternoon at 4:30 o'clock. The cadets are in good form now and will be ready to give a dress parade. Next week will be spent in target practice.

The Kamehameha Junior team will play the Central Grammar team a game of soccer at the Boys' Field on Monday afternoon at 3:30. The lineup of the school team will be the same as last Wednesday.

**BERNHARDT'S RECIPE FOR ETERNAL YOUTH**

Divine Sarah Says Fountain of Perpetual Girlhood Is Filled With Lemonade.

NEW YORK, October 31.—Sarah Bernhardt's recipe for eternal youth has been discovered at last. It is nothing more nor less than lemons. The Divine Sarah thus descended on the virtue of her favorite fruit:

"I drink only lemonade and champagne, and lemonade is best of all for the health. They tell me sometimes I have drunk of the fountain of perpetual youth. Believe me, that fountain is filled with lemonade. If you wish to be healthy and young, lemons and work hard and say your prayers to the good God."

Mme. Sarah also expressed some original views on the comparative advantages of the republics and monarchies.

"There can be no longer any Empires where the people have acquired a sense of humor," he declared, "but in France we have so many office-holders and so many taxes to maintain them. England is really the freest country in the world, and America—"

Sarah paused, hesitated a moment and then smiled her most radiant smile—"is the most charming and the most tyrannical. Every man would forbid his neighbor something. In one state it is to smoke; in another to drink."

**A SUGGESTION ON ECZEMA**

It is suggested that eczema sufferers ask Honolulu Drug Co. of this city what reports they are getting from the patients who have used the oil of wintergreen liquid compound, D. D. D. Prescription.

## LOCAL AND GENERAL

Bethel St. Hack Stand, Phone 1152. Try a case of Pinoclar. It is pure. Phone 1557.

It goes without saying that everything is best at The Knicker.

Sixchair shop; no long waits. Silent Barber Shop, Hotel street.

Rosa & Co.'s (wholesale liquor dealers) new telephone number is 3181.

J. E. Rocha, the Young Hotel tailor has just received a fine line of suitings.

If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St.

The second payment of Property, Income and Special Income Taxes will be subject to a ten percent penalty after November 15. Better pay now and save the penalty.

**SCIENTIST SAYS HE CAN PICTURE THOUGHT**

Frenchman Reported to Have Made Snapshots of Actions of the Mind.

Dr. Baraduc of Paris is the scientist who has been able to snapshot thoughts. One day recently, while he was at work in his dark room endeavoring to solve a perplexing problem in the development of a picture by chance he laid his hand on a sensitized plate. This plate, quite by accident, was placed in the bath along with the others. A faint image was pictured on its surface.

The photographer was puzzled. Finally the thought occurred to him that he had rested his hand upon the plate while he was studying. It was just possible, he reasoned, that his thought had been caught and held by the sensitized plate. He determined to experiment with a view to establishing the truth, or falsity of his surmise. Again and again he repeated the operation. The results were invariably the same.

The clearness of the image pictured on the sensitized plate, he learned, depended upon the concentration of the mind. Always, though, the picture of the thought appeared on the plate.

Professor Elmer Gates of Washington, D. C., has demonstrated the same thing in a little different manner. Studying his subjects while they were laboring under every variety of emotion, he discovered that different thoughts produced a distinct chemical change in the human body. He came to this conclusion after a series of careful experiments. In moments of climax of emotion he would have the subject breathe in a cooled tube. The breath instantly became condensed, and Professor Gates was able to chemically analyze the precipitates thus secured. These analyses showed that the color and character of the precipitate were totally different with the various forms of emotion.

**SCHWAB PLANS GREAT COMBINATION IN STEEL**

NEW YORK, October 22.—Charles M. Schwab's negotiations for the control of the Cramp Shipyard at Philadelphia are said in Wall street to be part of a plan for gathering together the independent steel companies of the country in one combination which will work in harmony with the United States Steel Corporation.

The plan is to be contingent upon a decision of the United States Supreme Court in the Standard Oil and tobacco cases sufficiently constructive to allow the big industries of the country to reform their methods in conformity with the Sherman anti-trust law, if such a thing is possible.

Mr. Schwab will make the Bethlehem Steel Corporation, of which he is the founder, and which is supposed to have the financial backing of Andrew Carnegie, the nucleus for the big combination.

It was reported in Wall street today that Mr. Schwab had secured a large part of the outstanding capital stock of the Cramp concern and is now engaged in quietly picking up the minority shares.

Confirmation of the story could not be obtained in Wall street today. At Mr. Schwab's office it was said that he was in Bethlehem and would not return until Monday. At the offices of the Steel Trust it was said that in the absence of E. H. Gary there was no one who could speak with authority.

**Weekly Bulletin \$1 per year.**

**NOTICE TO SUBSCRIBERS.**

Every copy of the Evening Bulletin served on the city carriers' routes should reach the subscriber by 5:30 p. m. Subscribers who fail to receive the paper by this time will confer a favor upon the Bulletin circulation department by telephoning complaints to 2256. A special messenger will deliver the Bulletin after this hour when name and address of subscriber are given.

### WIRELESS SETTLED FATE OF STOWAWAY ON STEAMER SIBERIA

#### TRANSFERRED TO MONGOLIA IN MID-OCEAN—JAPANESE CRUISERS PREPARING TO SAIL—RUMOR AGAIN PREVAILS THAT T. K. K. WILL ABANDON MEXICAN LINE.

Wireless telegraphy sealed the fate of at least one of several stowaways that were unearthed on board the Pacific Mail liner *Siberia* while that vessel was steaming from Yokohama to Honolulu.

The deadhead passenger was a Japanese who was discovered perched in the coal bunkers. He is presumed to have stowed aboard while the vessel was taking on coal at Nagasaki.

Through the intervention of wireless, Captain Adrian Zeeder got into communication with the steamer *Mongolia*. The vessels were thus enabled to get together, and a transfer of the Japanese was made by the use of the ship's boat.

Another stowaway, a Russian, was also discovered, but the cabin passengers raised a sufficient sum to settle for his stowage passage and it is understood he will be permitted to land at Honolulu. The man claimed to be a machinist and he expects to secure employment at one of the island plantations.

The *Siberia* met with fine weather during the greater part of the trip. The vessel was ordered to call at Manila in order to land a quantity of quartermaster freight for the army stationed in the Philippines. Honolulu draws six cabin, nineteen second-class and ninety-five steerage passengers. The through lift is a light one as far as the cargo is concerned. 14 the Asiatic steamer there are traveling 304 passengers for the mainland. Contrary to expectations, but half a dozen Hindus were found on board the vessel.

The work of discharging a consignment of 3200 tons of Oriental freight was begun almost as soon as the vessel drew up alongside the Alaka street wharf.

The vessel will in all probability remain at the port until noon tomorrow, although H. P. McKelvey & Co. have thus far set no definite time for departure.

Among those stopping over at the port is Sam B. Trisnel, a newspaper man of note throughout the East, who will remain here for a brief visit. Trisnel was one of the very few pioneer newspaper and Associated Press correspondents who actually succeeded in getting to the front and center at the several important battles fought between the opposing armies of Japan and Russia during the late war. For the past few years he has been associated with newspaper enterprises at Shanghai and Manila. At present he is representing the famous Philippine Carnival that is to be held at Manila next February.

Carson Taylor, publisher of the *Manila Daily Bulletin*, a leading morning paper at the Philippine capital, is making a trip to the States, there to purchase machinery and a complete plant for his publication.

J. R. Driggs is the skipper of the United States naval collier *Justin*. He is on route to the States on leave of absence.

Bishop E. E. Hoss is returning to his home in Tennessee after several years' service on the mission stations throughout China.

**Pilot Miller Is Exonerated.**

That Pilot James Miller was not responsible for the grounding of the British steamer *Danmara*, off Fort Point, during a heavy fog three weeks ago, was the testimony of the witnesses at the hearing held before the State Harbor Commissioners at Captain Hibbard's office.

Miller, Captain Francis Stewart and the first and second mates, all testified that the fog was very dense and that they did not hear the fog whistle at Fort Point until after the steamer had struck. The evidence is now being considered by the Commissioners, who will render a decision next week.

Miller has piloted vessels in and out of the harbor for forty-four years and this is the only time that he has ever been called before the Commissioners. It is said that this constitutes a record.

**Deutschland as a Private Yacht.**

According to the *Hamburg Correspondent* of the *Kohlische Zeitung*, the Hamburg-American Line has decided to transform its fast steamer *Deutschland* into a steamer for pleasure cruises, and to sell the excursion yacht *Oceanus*. Attempts have been made to sell the *Deutschland*, but it was found impossible to obtain a favorable price. Negotiations are also proceeding for the disposal of the four old West India steamers *Christiana*, *Croatia*, *Gallia* and *Hispania* to the *Stettin* firm of *Reitzel*.

**Freighter Was Full of Prunes.**

The American-Hawaiian freighter *Nebraskan* that after taking on sugar and general cargo from the Hawaiian Islands, sailed from San Francisco the first part of last month bound for Salina Cruz, is reported to have had on board a shipment of 340 tons of California prunes. The fruit was to be transhipped to France and Germany.

**Makura Due Tomorrow.**

According to a wireless received by the local agents for the Canadian-Australian liner *Makura*, that vessel will arrive from Vancouver and Victoria tomorrow. It is understood that a good sized list of passengers will leave the vessel at this port. The *Makura* takes on transhipped cargo for Fanning Island.

**Old Rumor Revived.**

The Toyo Kisen Kaisha is to abandon its service between Hongkong, Japan and Mexico. The Japanese subsidy law forbids the receipt of subsidies from other countries, and the Japanese company considers the line unprofitable without the subsidy of \$10,000 per trip paid by Mexico.

**No Yards for Asia and Persia.**

The British steamers *Asia* and *Persia*, of the Occidental & Oriental Steamship Co., have been relieved of their yards. Shorn of the weight of these yards, which are no longer used to any extent, the two intermediate steamers will probably make better time and be more steady.

**Saint Ronald Sailed for Honolulu.**

What is believed to be another vessel in the Bates, Chesborough freight service is reported to have sailed from Leith with destination as Honolulu on October 30th according to advices that have just been received at the port. The steamer is listed as the *Saint Ronald*.

**China Bringing Small Cargo.**

The Pacific Mail steamer *China* is due to arrive at the port on Friday bringing less than five hundred tons of Oriental cargo and a few lay over passengers. The vessel has accommodated for about thirty-five saloon passengers from Honolulu to San Francisco.

**Steaming Through Fine Weather.**

The Matson Navigation steamer *Wilhelmina* is meeting with fine weather on the trip to San Francisco according to a wireless that has been received at the agency of Castle & Cooke. The vessel was 499 miles off the port at eight o'clock last evening.

**Standard Oil Release Two Ships.**

The American steel ships *Atlas* and *Astral*, 2,987 tons reg. each, built in 1901 and 1902 by A. S. S. & Co., Albh, Me., and owned by the Standard Oil Co., New York, have been transferred to the Alaska Packers' Association, San Francisco.

**New Vessel on Australian Run.**

It is reported that the Nippon Yusen Kaisha has placed an order with a Japanese firm for the construction of a 6,000-ton mail steamer, which will replace the steamer *Yawata Maru* in the trade between Japan, China, Manila and Australia.

**Alaskan Carried Shipment of Shingles.**

While lumber is frequently shipped to New York by water the first large shipment of shingles to be loaded by a steamer at Tacoma for New York has been taken by the American-Hawaiian liner *Alaskan*. She loaded 6,582 bundles of shingles and as the

Tuesday, Nov. 8.  
EUREKA—Arrived Nov. 7: Schr. *Bo realia*, from Hilo, Oct. 19.  
FORT BRAGG—Arrived Nov. 7: Bk. S. C. Allen, hence Oct. 18, with main top mast gone.

SAN FRANCISCO—Arrived Nov. 8, 7 a. m.: S. S. *Korea*, hence Nov. 2.  
SAN FRANCISCO—Sailed Nov. 8, 1 p. m.: S. S. *Korea*, for Honolulu.

**OSCAR STRAUS TIRES OF DIPLOMATIC SERVICE**

Embassador to Turkey Plans to Step Out—Taft Anxious to Hold Him at Post.

WASHINGTON, D. C., Oct. 28.—Oscar S. Straus of New York, Embassador to Turkey, has informally submitted his resignation to President Taft. Straus has been American diplomatic representative at Constantinople since May 17, 1909. He is tired of the diplomatic service, it is said, and wishes to resume his residence in this country. Straus is now in the United States on a leave of absence. President Taft and Secretary Knox have not accepted Straus' resignation, and it is being held in abeyance.

The diplomatic post at Constantinople is important at the present time, notably on account of the fact that an application for a \$50,000,000 railroad project in Asia Minor has been filed by the Ottoman-American Development Company, an American concern.

The granting of the concession was opposed by the German Embassador at Constantinople on the ground that the proposed railroad would injure the German railroad enterprises in that region. Both the President and Knox are anxious to retain Straus in the diplomatic service, and may persuade him to remain at his present post.

The "half-shell gown" is fashion's latest offering for women. From its appearance we judge that it will be worn by the half-baked girl—Springfield Union.

"You seem to find your book very interesting. Miss Maudstone." "Yes; it is one of the most charming stories I have ever read. And so true to life. Every man in it is a villain."—Tit-Bits.

## NO MONEY FOR PAVING

"If Fort street is to be paved with material other than good intentions, I fail to see where the money is coming from," was the comment made by one member of the newly-elected Board this morning.

"It would look as if the new board would take office with a large and healthy deficit staring them in the face."

"The present Board of Supervisors has already spent money that will have to be made up at the commencement of the session of the next Board."
